Re: Anadarko Uintah Midstream, LLC, Proposed Synthetic Minor New Source Review
Permits for Multiple Facilities

Dear Mr. Weaver:

The U.S. Environmental Protection Agency Region 8 has completed its review of Anadarko Uintah Midstream, LLC's applications requesting synthetic minor permits pursuant to the Tribal Minor New Source Review (MNSR) Permit Program at 40 CFR part 49 for six (6) facilities on Indian country lands within the Uintah and Ouray Indian Reservation, in Uintah County, Utah. The six (6) facilities are listed below.

- East Bench Compressor Station - Permit # SMNSR-UO-000824-2016.001;
- Sage Grouse Compressor Station - Permit # SMNSR-UO-001875-2016.001;
- North East Compressor Station - Permit # SMNSR-UO-001874-2016.001;
- North Compressor Station - Permit # SMNSR-UO-000071-2016.001;
- Archie Bench Compressor Station - Permit # SMNSR-UO-000817-2016.001; and
- Bitter Creek Compressor Station - Permit # SMNSR-UO-000818-2016.001.

Enclosed are the proposed permits and the corresponding technical support documents for each permit action. The regulations at 40 CFR 49.157 require that the affected community and the general public have the opportunity to submit written comments on any proposed MNSR permit. All written comments submitted within 30 calendar days after the public notice is published will be considered by the EPA in making its final permit decisions. Also, enclosed is a copy of the public notice which will be published on the EPA's website located at: <https://www.epa.gov/caa-permitting/caa-permit-public-comment-opportunities-region-8>, on January 8, 2018. The public comment period will end at 5:00 p.m. on February 7, 2018.

The conditions contained in the proposed permits will become effective and enforceable by the EPA if the permits are issued final. If you are unable to accept any term or condition of the proposed permits, please submit your written comments, along with the reason(s) for non-acceptance to:
